On-time Arrivals

Key (auto generated
bus lines + colors based
on the users selection)

Headway
10 □
30 □

Bus lines
+ radio dials
to select
(color coded to
match
vis channels)

marks rectangles
emanating out from
center circle
Channels: size, color
position.

idea: size of each rectangle
will correspond to
probability of bus
arriving up 10 or 30
min headway targets
probability is a computed
variable
